Professional Summary

- 1.Computer Science student specializing in Data Science with strong interest in software development and data-driven solutions.
- 2.Skilled in programming and analytical problem-solving, with experience in building practical applications and projects.
- 3.Passionate about data analysis and real-world problem solving using modern technologies and programming tools.
- 4.Eager to learn, collaborate, and contribute to innovative software and data science projects in a professional environment.

Technical Skills

Languages: Java , C++, C, Python , SQL

DSA : Sorting, Hashing, Multithreading, OOP

Backend :FastAPI, Flask

Databases: PostgreSQL, SQLite

Frontend: React Native, React 18, Vite, Tailwind CSS

DevOps:Git/GitHub

Projects

Sign Language Recognition System

Feb 2026

Developed an AI&ML-based system that recognizes hand gestures of sign language using computer vision techniques. The model detects gestures in real time and converts them into readable text to assist communication for hearing and speech-impaired individuals.

Technologies : *Python, OpenCV, Machine Learning.*

IPL Fantasy Auction Web Application

Apr2026

Developed a real-time multiplayer IPL auction platform where multiple users can join a room and bid on players.Features include live bidding, timer extensions, room management, and player ranking using PowerScore.

Technologies: *React, Node.js, PostgreSQL, Socket.io, TypeScript.*

AI Job Recommendation System

Developed a Streamlit-based application that recommends job roles based on user skills and job datasets.The system processes multiple datasets and uses scoring algorithms to match candidate profiles with suitable job opportunities.

Nov2025

Technologies: *Python, Streamlit, Pandas, Data Analysis.*

Certifications

1.C and C++ Programming Certification – Coursera.(2024)

2.Python Programming Certification – Udemy.(2025)

3.Python for Data Science / Programming – NPTEL.(2026)

Education

Sreenidhi Institute Of Science And Technology

B.Tech in Computer Science -Data Science
